

User Instructions

The app will open to sign in page. After signing in, the app will open to the drawing function. The color brown and the smallest brush size is the default selection to start. Press a the brush icon to select a different size brush. There are three to choose from. If a different color is wanted press the desired color. Press on the white canvas portion of the screen to draw. Press the icon of the eraser to get eraser sizes. Pick a size then erase. Press the icon of the floppy disk to save the image. The image will be saved to the photo gallery. Press the icon of the blank page to start a new drawing.

Press the navigation drawer to navigate to coloring function. When in the coloring function a background image and a floating action button will appear. Pressing the FAB cycles through the available coloring backgrounds. The color selection, brush selection, eraser selection, save, and new all work just like in the drawing function.

Press the navigation drawer to access the share function. Choose send to location.

Press the menu overflow to access the sign out option and to view licenses.
